

Session Themes at the Eastern Himalayan Naturenomics™ Forum, 2017

We will be exploring the below mentioned themes through the multi-disciplinary platform of the Forum and we invite you to contribute any written work related to these topics or the concept of developing Rural Futures in the region, community conservation and botany, measuring and assessing our nature capital. We will be using these articles to publish in our article booklet, website and Medium Publication – *“The Himalayan”*, duly credited to the author/organization.

1 - RURAL FUTURES FOR CATALYSING CONSERVATION EFFORTS LAUNCH & CONCEPTS

Designing Holistic Models for Human- Centric Community- based Conservation
